

# CLASS FORMATION

## TAWONGA PRIMARY SCHOOL POLICY

### Rationale:

- A clearly defined, collaborative process for the placement of children into classes will lead to greater efficiency, increased understanding and improved opportunities for learning.

### Aims:

- To provide each child with the opportunity to be part of a class of children that will allow them the best opportunity to learn.
- To form well balanced classes of children that take into account the social, emotional, academic and physical characteristics of each child.
- To ensure that optimum use is made of the prior knowledge that teachers, parents and others have of each child prior to class placement.

### Implementation:

- While the allocation of children to various classes, class structures and class compositions are all ultimately responsibilities of the Principal, a collaborative process with the school community will be employed.
- The process of forming classes will commence in Term 4 of the previous year.
- The principal, in consultation with staff and after considering student numbers, will determine the number of classes for the following year, class sizes and the year levels of each class.
- Expressions of interest will be sought from staff members to teach each class including the MARC role. The MARC teacher role is considered equal to that of a classroom teacher role and any teacher could be appointed to this role.
- Consideration will be given to gender, the previous class, each child's ability, behaviour and friendship groups etc. Individual needs and a whole school perspective must be considered.
- Junior classes should be smaller whenever possible.
- The principal will formally seek input from parents via the newsletter. All parent input must be directed to the Principal and placed in writing. If practicable, the Principal will inform staff of parent input prior to the formation of classes.
- Once draft classes are completed, the principal will make any necessary final alterations.
- Under exceptional circumstances the Principal may reorganise classes throughout the year.
- Staff members will not disclose the composition of proposed classes prior to any formal announcements.
- Children who enrol at the school at the beginning or during the year will be temporarily allocated to classes, with the possible need to alter the placement once further information regarding the child is known.
- Details relating to the school organisation, classes of children, and the roles of teachers will be released to parents in a newsletter distributed in December.
- Concerns regarding the placement of specific children in classes, the allocation of particular teachers to classes, or the overall structure of classes must be directed to the Principal.
- Refer also to 'School Structure Policy'.

### Evaluation:

- This policy will be reviewed as part of the school's three-year review cycle.

This policy was last ratified by School Council on....

September 2014
